

A trueCurriculum		Version	Series
Getting Started with trueSpace			
01	Start your Dream - A Tour of 3D Principles Courses	6.6	FC
02	proTeam Spirit of the Interface Course	6.6	FC
03	proTeam Getting Started with trueSpace 6.6 Course	6.6	FC
04	proTeam Getting Started with trueSpace7 Course	7+	FC
NURBS Editing			
05	proTeam NURBS Course	6.6	FC
06	proTeam Designing with NURBS Course	6.6	MC
Illustration			
07	Introduction to 3D for 2D Illustrators Course	6.6	FC
08	Introduction to Product Illustration Course	7+	FC
Character Modeling			
09	proTeam Organics Modeling Course	6.6	FC
10	The Making of South Park Reloaded Course	6.6	FC
Polygon Editing			
11	proTeam Polygon Modeling Course	6.6	FC
Shaders			
12	proTeam Shaders Course	6.6	FC
13	proTeam Introduction to Real-time Shaders course	7+	FC
Animation			
14	proTeam KFE Animation Course	6.6	FC
15	proTeam Simulating the World Course	6.6	FC

Scripting

16	Introduction To Scripting Live Course	7+	FC
17	proTeam Introduction to Scripting Course	7+	FC
18	proTeam Scripting A Christmas Card Course	7+	FC
19	proTeam Scripting A Clock Course	7+	FC

Customizing the User Interface

20	proTeam Introduction to Widgets course	7+	FC
----	--	----	----

Advanced Architecture

21	proTeam Architecture Course	6.6	MC
----	-----------------------------	-----	----

Advanced Character Modeling

22	proTeam Character Modeling Course	6.6	MC
----	-----------------------------------	-----	----

Advanced Textures

23	proTeam Texture Creation Course	6.6	MC
----	---------------------------------	-----	----

Advanced Rendering

24	proTeam Rendering Emotions Course	7+	FC
25	proTeam HDRI in trueSpace7 Course	7+	MC
26	proTeam V-Ray 1.0 for trueSpace7 Course	7+	MC
27	proTeam Multipass Rendering Course	6.6	MC

Advanced Animation

28	proTeam Character Animation Course	6.6	MC
29	proTeam Procedural Animation Course	7+	MC
30	proTeam The Music Machine Course	6.6	MC

Advanced Illustration

31	proTeam Illustrating Products Course	6.6	MC
----	--------------------------------------	-----	----

NOTES:

FC = Fundamentals Series Course

MC = Masters Series Course

The "Version" refers to which version of trueSpace it was produced for:

6.6 = pre-trueSpace version 7.0

7+ = post-trueSpace version 7.0

If it was produced with a version prior to version 7.0 then you could use the "MODEL" workspace/Space 3D of version 7 or greater to follow the course.

Please note that as of version 7.5 the new name for the workspace/Space 3D that was called "PLAYER" (which you will see in some tutorials) has been changed to "WORKSPACE".

If you own a version of trueSpace prior to version 7.0, then you should be able to follow most of the courses listed as 6.6. Please contact Caligari prior to purchasing to ensure compatibility.
